28TH SUNDAY IN ORDINARY TIME

It seems that there is always an exception. The rules for a game are to be observed, except when certain conditions arise that make for a new rule. While much of the game is the same, the rules in baseball or football have adapted to different situations over time. The NFL did not allow a two-point conversion after a touchdown while the AFL did. After the leagues merged, the two-point conversion was abandoned. It would return twenty-five years later when the NFL adopted the two-point conversion rule in 1994. The exception that the AFL had in its ten years of existence eventually became the rule in league play. For most fans this nearly twenty year-old play is just part of the game, although some purists still debate the wisdom of the move.

In the Gospel today, Jesus tells the ten lepers to go and show themselves to the priests who are the ones who can certify that the leprosy with which they were each afflicted has been cleansed. This was the statute prescribed in the law of Moses, and after an examination by the priests, a leper who was healed could then return to the community. Nine of these lepers follow the rules. One of them breaks away after he realizes that he has been cleansed and returns to thank Jesus.

The action of the leper who returned to give thanks has become the exception that proves the rule. The law of Moses required that anyone cleansed of leprosy would offer a sacrifice of thanksgiving to Lord for the divine intervention. When the Samaritan returned to thank Jesus, he was implicitly signaling that the Lord was present in our midst. Like the Samaritan leper, we can recognize that the Lord has been at work in our lives, and we can offer thanks. It's a good rule to put in place for our entire life, and not just an occasional exception.

28º DOMINGO DEL TIEMPO ORDINARIO

La lepra en tiempos de Jesús era considerada como un indicio de que la persona estaba alejada de Dios y por lo tanto estaba en pecado. En tiempos del Levítico, especialmente si leemos los capítulos 13 y 14, vemos cómo esta enfermedad era muy temida, pues era considerada como un castigo de Dios. Su curación era un verdadero milagro y éste era realizado gracias a la intervención de los hombres de Dios, que eran los sacerdotes de aquel tiempo: "El sacerdote examinará la llaga; si el pelo en la llaga se ha vuelto blanco, y la llaga parece hundida en la piel, es llaga de lepra; cuando el sacerdote lo haya comprobado, lo declarará impuro" (Lv 13, 3). ¿Cuáles enfermedades de nuestro tiempo consideras similares a la lepra de aquel entonces? ¿Qué tiene que ver Dios en todo esto?

La narración del Evangelio se enfoca en cómo un solo hombre de los 10 curados regresa a dar las gracias a Jesús. Aparte de lo temido que era esta enfermedad, apreciamos lo dramático de la ley establecida para poder quedar puro y reincorporarse a la sociedad. Por esta razón la gratitud hacia los regalos o milagros divinos era muy evocada. Por lo tanto, Jesús se sorprende de la ingratitud hacia su milagro. Su enseñanza es que nos demos cuenta de que el sanar es gracia plena de Dios, quien nos acerca a la transformación ofrecida por él.
